

MIDWEST ENERGY, INC.

(Name of Issuing Utility)

Replacing Schedule GSL-TOD Sheet 1

M System

(Territory to which schedule is applicable)

which was filed May 3, 2000

No supplement or separate understanding shall modify the tariff as shown hereon.

Sheet 1 of 3 Sheets

**GENERAL SERVICE LARGE – TIME OF DAY  
(Optional Time of Day Rate)**

**AVAILABLE**

At locations on the Company's existing primary distribution system.

**APPLICABLE**

To any Customer having a maximum demand during the calendar months of June, July or August of thirty (30) kilowatts (kW) or more, for all power and energy uses at one location where service of a single character is taken through one meter at one point of delivery for which no specific schedule is provided.

**CHARACTER OF SERVICE**

Alternating current, approximately 60 cycles, single phase, at nominal voltages of 120 volts or 120/240 volts. Three phase service may be supplied at the Company's option.

**MONTHLY RATE**

Charges equivalent to the sum of all components itemized in the currently effective Master Tariff, plus all applicable adjustments specified therein.

**Determination of kW Billing Demand**

The billing demand kW will be the highest of A, B, or C below:

- A. The highest average fifteen (15) minute kW demand measured during the period for which the bill is rendered; or
- B. Eighty (80) percent of the highest average fifteen (15) minute kW demand measured during any of the periods for which bills are rendered in the previous eleven (11) billing months; or
- C. Twenty-four (24) kW.

Replacing Schedule GSL-TOD Sheet 2

M System

(Territory to which schedule is applicable)

which was filed May 3, 2000

No supplement or separate understanding shall modify the tariff as shown hereon.

Sheet 2 of 3 Sheets

**GENERAL SERVICE LARGE - TIME OF DAY  
(Optional Time of Day Rate)**

**Time of Day Billing Periods**

The on-peak period is defined as 2:00 p.m. to 9:00 p.m., Monday through Saturday, June 1st through August 31. All other hours are off-peak.

**Load Shedding**

It is the sole responsibility of the Customer to shed loads, either manually or automatically, to reduce demand during the on-peak periods. The Company will not be required to notify the Customer of the beginning or end of on-peak periods or seasons.

**Alternate Rate (kVA Rate)**

Customers taking service under this schedule may be metered with a kilovolt-amp (kVA) demand and energy meter in lieu of a standard kilowatt (kW) demand and energy meter. KVA metering may be initiated by either the Customer or the Company, and once installed, will not be removed without the consent of both parties. In such instances, the kVA demand charges will be ninety (90) percent of the kW demand charges specified above. The energy charge will remain unchanged. Determination of kVA billing demand will be according to the same methodology as determining the kW billing demand. Time of day kVA metering is subject to availability of metering equipment capable of such measurements. Where a minimum billing demand is specified, it will be twenty-six and seven tenths (26.7) kVA.

No supplement or separate understanding shall modify the tariff as shown hereon.

Sheet 3 of 3 Sheets

**GENERAL SERVICE LARGE – TIME OF DAY  
(Optional Time of Day Rate)**

**OTHER TERMS AND CONDITIONS**

1. In the event a Customer billed under this Schedule enters the winter billing period with no immediately preceding eleven (11) months' actual demand readings of 30 kW(33.3kVA) or more, that Customer may thereafter be billed under a General Service Small schedule until subsequent demand readings dictate use of this Schedule. However, no such rate reclassification may occur if the Customer is bound by a line extension contract to this Schedule.
2. The Customer choosing the optional Time of Day Rate must remain on the rate for one year. Similarly, a Customer that leaves this optional schedule may not return for one year.
3. The Customer may request optional Time and Temperature Service under the General Service Large - Time of Day Rate. However, it is at the sole discretion of the Company to install the metering devices capable of sensing or receiving temperature data. If such devices have been installed, the on-peak energy charge shall apply to only the kWh used during the on-peak period when the temperature threshold has been exceeded. The temperature threshold is between 90 and 95 degrees Fahrenheit. The Customer will be charged an additional \$5.00 per month as part of the customer charge to participate in this option.

Once the Customer has elected the Time and Temperature option, it must remain on it for at least one year from the date the optional Time and Temperature service took effect. Similarly, Customer is not eligible to participate in the optional service for one year from the date of withdrawal.

4. Service hereunder is subject to the Electric Terms and Conditions of the Company on file with The State Corporation Commission of Kansas.
