
SERVICE TO SCHOOLS

AVAILABLE

At locations available on the Company's existing delivery system.

APPLICABLE

To any tax supported public school or parochial school organized and operated by a generally recognized religious organization which provides instruction for students enrolled in grade kindergarten or grades one through twelve incorporated under specific laws of Kansas relating to thereto, using electric service supplied at one point of delivery and where that service location is used predominately for educational purposes.

Electric service to public and parochial schools may also be supplied under the Company's applicable General Service Small schedule if the accounts peak kW is less than of 25 kilowatts (kW) from July 1st through September 30th inclusive or General Service Large schedule if the accounts peak kW is greater than or equal to 200 kW from July 1st through September 30th inclusive and the rate schedules subject to the terms thereof. This schedule is not applicable to breakdown, standby, or resale service.

CHARACTER OF SERVICE

Alternating current, approximately 60 cycles, single-phase, at Company's standard secondary voltage available from appropriately sized transformer(s). Three-phase may be supplied at the Company's option.

MONTHLY RATE

Charges equivalent to the sum of all components itemized in the currently effective Master Tariff, plus applicable adjustments and surcharges.

MINIMUM BILL

The Customer Charge, plus the minimum specified in the Electric Service Agreement (if any), plus applicable adjustments and surcharges.

SERVICE TO SCHOOLS

DETERMINATION OF BILLING DEMAND

The billing demand kW will be the highest of A, B, or C below:

- A. The highest average 15-minute kW demand measured during the period for which the bill is rendered; or
- B. 80 percent of the highest average 15-minute kW demand measured during the most recent three billing periods with ending meter reading dates from July 1st through September 30th inclusive; or
- C. 20 kW.

OTHER TERMS AND CONDITIONS

1. If the power factor at any delivery point is less than ninety (90) percent, Company at its sole discretion may require Customer to install power factor correction equipment at Customer's expense. Determination of power factor shall be under conditions which the Company determines to be normal
2. Service hereunder is subject to the Company's Electric Terms and Conditions as approved by Midwest Energy, In. Board of Directors.
