------------	----------

An itemized accounting of all electric and gas charges appears on page two.

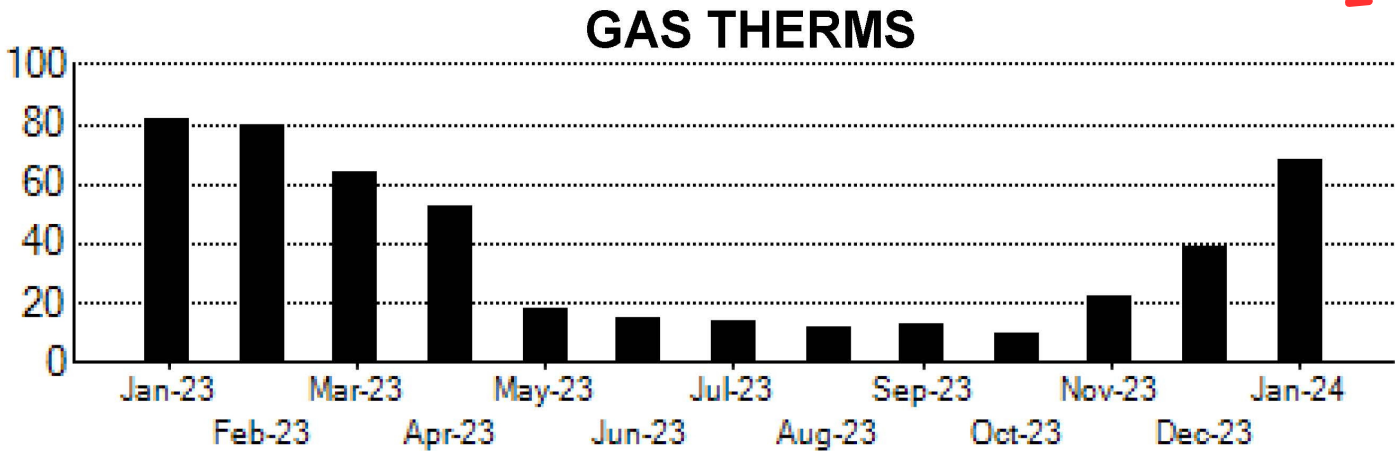

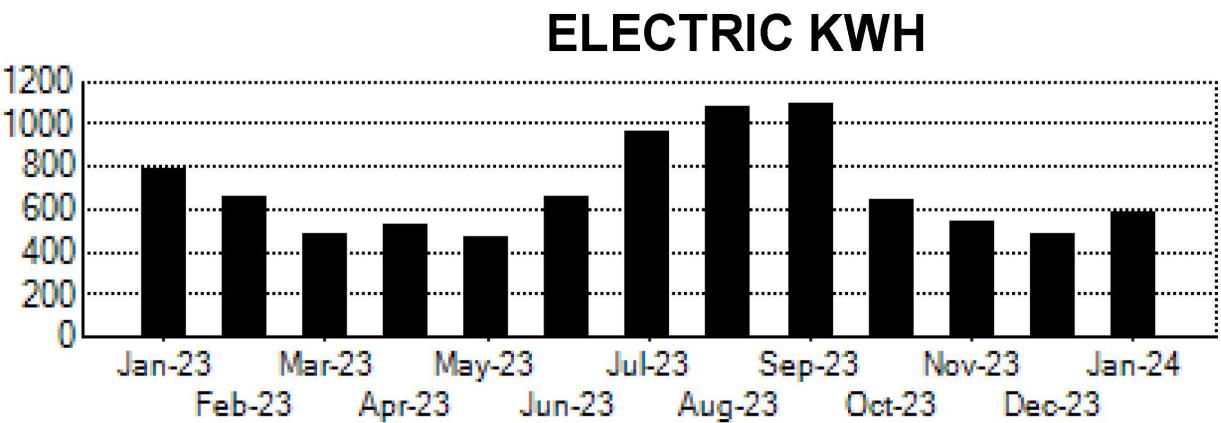

Midwest Energy provides bill payment assistance to eligible customers through the Midwest Customers Care program. The program is funded by voluntary donations from Midwest Energy customers and employees, and is administered by The Salvation Army. Eligible households can receive one \$200 grant per heating season. To learn more, or to donate, call Midwest Energy at (800)-222-3121.

Put more money into your pocket by switching to LED light bulbs. Using only a fraction of the electricity compared to incandescent light bulbs, LEDs can make a big impact on your energy bill. LEDs also last much longer than most incandescent or compact fluorescent bulbs, providing years of service. Consider switching today!

Midwest Energy has opportunities for high school students. High school juniors can now apply for the 2023 Youth Tour in Washington, D.C. Two students will be selected. High school seniors may apply to win one of ten \$1,000 scholarships. There's no GPA requirement, and applying online is easy, at www.mwenergy.com/community.

These charts show a 12-month history of electric and/or natural gas usage, allowing you to quickly compare several months of usage.

If you're enrolled in these programs, it will indicate so here. If you'd like to be, just call us at 1-800-222-3121.
